Kites come in many shapes. They can be big or small. A kite can be made of paper, cloth, or plastic. It has a long string.

You need wind to fly a kite. It helps to have two people. One holds the kite. The other holds the string. The string needs to be tight. The wind pushes against the kite. This lifts it into the air.

1. A kite is a type of:

a. shoe

b. song

c. toy

2. True or false: It is easiest to fly a kite alone. _____
